WORK EXPERIENCE

Head of Programming

Styles Studio, Lausanne, Switzerland

2022 - Today

- In early 2022, co-founded Styles Studio SàRL to secure various contracts
- Assumed the role of Head of Programming, overseeing all associated responsibilities
- Handled server and tool setup, code review, and technical problem resolution
- Focused on continual improvement of the development pipeline

Producer

SAE-Institute, Geneva, Switzerland

10/2023 - 10/2024

- Assumed the role of a producer for two specialized projects during my third year at SAE Institute Geneva
- Managed the entire production cycle, gaining in-depth knowledge of Unreal Engine
- Organized project schedules, defined key milestones, and ensured adherence to timelines to meet deadlines
- Facilitated communication and collaboration among game programmers, artists, and audio engineers to maintain a cohesive project vision and ensure successful execution

Game Programmer

Dama Dama Games, Lausanne, Switzerland

01/2021 - 05/2021

- Began my career in game development in 2021 by co-founding Dama Dama Games, a Swiss indie game studio.
- Applied commercial knowledge and learned game development using Unity.
- Stopped working at Dama Dama Games to start a bachelor's degree at the SAE Institute.

Mechatronics Engineering & Other experiences
